GATEWAY TO ARABIC

Book One

Dr. Imran Hamza Alawiye

A foundation course in reading and writing Arabic

The Arabic Alphabet

In order to learn any language, one must first master the alphabet and be able to read, write and pronounce it correctly.

Below on the right is the Arabic alphabet. The pronunciation column in the middle is only a rough guide and should not be relied on too heavily. Ask an Arabic speaker to help you master the sounds of the letters, or listen to the audio recording of the book.

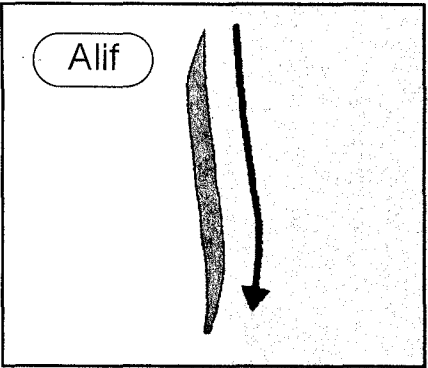

Please note that Arabic is written from right to left.
